Witnesses That Rev. James Graveling Told Of God Giving Him A Vision Of A Drought Coming For Alabama's Sins Also Relating to Roy Moore And 10 Commandments Well Before The Drought

Affidavit/Declaration Under Oath

Affiants hereby avers that they are competent to give the following declaration based on personal knowledge to the best of their belief, unless otherwise stated, and that the following is true and correct to the best of their knowledge and belief, having been duly sworn:

We the undersigned bear witness that we recall that well before Alabama's drought occurred that James Graveling shared with us the following: how while he was walking to the mailbox he was praying to the Lord Jesus grieved that there was no repentance in response to his informing President Bush and the media of God's judgment calling us to repentance as a nation on September 11, 2001 in answer to his prayer before those events occurred **and** as well as grieved by the persecution and mistreatment of Judge Roy Moore over his standing in righteousness to acknowledge God and His Ten Commandments and asked God what He was going to do about it. James Graveling shared that immediately he had a vision of all the things around him turning brown and that he asked God: "a drought?" to which he received a positive affirmation yes a drought.

James Graveling told us when he came in from walking to the street around lunchtime of his prayer and broken heart as well as that he believed God had given him a vision that He was going to bring a drought to Alabama for its sins- instead of turning from its sins also by supporting and standing behind Judge Roy Moore and those who were fighting for the acknowledgment of the Creator God and His ways, people were leaving him to be persecuted indicating their spiritual compromised or sinful state.

By signing on this 9th day of October 2015, I solemnly swear to God that I am not lying and I do recall James Graveling sharing what is written above:
