

Bonnie Sult told me: as the length is, no one will pay attention to it. Suggest you give me the 10 points you want to make and the audiences you want to put it to; more than 5 pages no one will read; longest for a court she did was 15 pages. Put down top 5 things you are after. No way read 150 pages. Sent 10 things you want to say and the audience: court, President et al

What MUST be in there according to God's commands:

- 1) Warning aspect must be in there: Ezek 3, 33, Acts 20 for them and nation:
of God's SOP, the 3 and 4 and where we are at in light of His word as confirmed by saint's testimony that has reached the ears of President Bush and the media;
of this being potentially the 2nd formal witness after the first formal witness
of
- 2) statement of the claims obviously for refunds and funds and their grounds; degree required auth
- 3) contract formation must be recognized and the contracts ordered enforced; no auth and silence therefore...
- 4) beyond this matter
said authorities require proclaiming liberty to American people, divorce of bankers and government/America, repentance and faith; *message to the bankers I make separate from Habakkuk*
God's word promises/woos (J & benefits) and warns/threatens (wrath and miseries)

You will either reject this or accept it.

My claims are based on the authorities of...which you are required to obey.

I want to see you richly blessed, highly favored, redeemed, and a child of the King.

However, if you do not do right, because experience (my own and others) has taught me there is no other recourse, I will be forced (Job __) to cry out to God (Job ___) who in His infallible word says He will surely...

The Rest of your Life can be the Best of your Life

1. This is a petition for redress of grievances that: 1) comes by the authority of God's law, Christian common law, America's supreme law, analogous Statutes at Large 48, 48, 112 as well as your 26 USC 7433 et al and at the direction of God both by His answers to prayers for acts of judgment and of mercy; and that: 2) if not answered with redress as required by law and contracts will according to God's word result in His enforcing (in His time and way) the mandatory sanction the general equity of said laws require, namely, many guilty parties to "suffer death": you, others in government and Americans for decades of rebelling against Him and said laws.
2. Like most in America, this court is almost certainly grossly ignorant of God's law, unacquainted with His ways as well as ignorant of His recent righteous acts of judgment against America and its government for our three and four great sins, judgments given in order to call us to return to Him;
3. said lives being at risk, this matter must be **patiently read and reviewed** if the reader will not

be guilty of endangering said lives.

4. God's word reveals His standard operating procedure with nations: after “three transgressions...and four” He “will not withhold punishment” but brings such punishments as fire to capitals and military and even finally “destroy”s nations who shrug off God's warnings, thinking they will not be destroyed (Amos 1-2; 4:1-5:1; 9:8 et al).
5. The record shows America and its government: 1) **are guilty** of breaking the same laws of God ancient Israel was “destroy”ed for: a) idolatrous “separation” from God (Isaiah 1; 59 et al); b) murder of children (Psalm 106; Isaiah 1 et al); c) gross immorality (Isaiah 1 et al); d) fraudulent currency (Isaiah 1 et al) resulting in gross but hidden rights violations; 2) **recently suffered** God's judgments (911, 2007's drought, 2008's Great Recession, 2016's drought and fires et al) for said lawbreaking which came as God's answers to prayers prayed by the author and or other saints to spare this nation greater destructive judgments;
6. Respondents gave written acknowledgment to the government's owing me “dollar for dollar” refunds as just compensation for taking my private property yet “changed” said refunds without authorization into alleged debt taxes, thereby putting themselves under the mandatory “suffer death” penalty the general equity of said law authorities.
7. This refund matter is a perfect illustration God set up of our fourth sin that: 1) follows after the unlawful foreclosure of our house which our courts approved of despite evidences of gross frauds, gross rights violations and warning that God may send further judgment for said 3 and 4 sins (and did send 2016's drought for), thereby indicting themselves of said fourth sin and **thereby gave God ONE FORMAL WITNESS that America and government flagrantly defies His call to repent of our 3 and 4 sins though warned God threatens destruction; 2) will give God a SECOND FORMAL WITNESS that America and government persist in flagrant defiance against God this court does not rule in my favor as laws and contracts require; because God only requires 2 or 3 witnesses to prove a matter, this court's ruling in this matter will either give God said second formal witness or indication of a step in the right direction.**
8. This matter shows **the federal government owes the author \$3, [REDACTED] in refunds** pursuant to requirements of God's law, Christian common law, America's supreme law, Statutes at Large 48, 48, 112, contract law and or other relevant law and or statutes; yet that government without authorization of law and in violation of law converted said refunds into alleged tax debts.
9. This matter shows **the federal government owes me \$ [REDACTED] in other funds** pursuant to the requirements of God's law, Christian common law, America's supreme law, and or agreeable and or analogous statutes such as 26 USC 7433 as well as contract law for failing and or refusing to provide authorization for its having “changed” said refunds into alleged taxes and or for failing and or refusing to rebut timely sworn assertions mailed to them.
10. The record shows that: 1) Respondent's words and actions in this matter were done in violation of said authorities of law; 2) that said parties have been reminded of the requirements of said laws and authorities yet recklessly and intentionally refused and or failed to redress this matter; and 3) that unless this matter is redressed by this court I have no other remedy but will be forced/caused (Job 34) to resort to my God given right and duty like America and its founders in their Declaration of Independence to “appeal” to God through “our Lord” Jesus Christ as “the Supreme Judge of the world” for redress by just judgment against said guilty parties.
